The Suits

BEFORE WE purchased these ALL-WOOL SUITS FOR BOYS, we talked to Mothers and we talked to Fathers, more important still, we talked to BOYS, until we knew exactly what it was we had to have to strike definitely upon the needs and desires of the great majority. STRICTLY ALL-WOOL and tailored to conform to the smart styles for Boys this Fall. Sturdily made to withstand the strains of school-time and play-time wear.

TWO PAIRS OF PANTS to make it give the utmost in satisfactory service and a pleasing range of colors including mixtures in all shades and BLUE SERGE.

There is the SUIT, the BEST we could find in the market to sell for this price, and really the price is based upon a smaller margin than you look for ordinarily.

We do not believe you will be able to duplicate this value anywhere. We think we have the BEST SUIT FOR THE MONEY ever brought to Atlanta. We are sure the service, the satisfaction and the pleasure you will get out of seeing your BOY with one of these smart SUITS on will carry out our own opinions of just how good this SUIT IS. All sizes up to 18 years years of age and the price we quote again

\$10.95

The Overcoats

ALL-WOOL was the first thing we said when we went to look for OVERCOATS. No compromise on material, workmanship or findings, by which we meant the linings and things which go to make the OVERCOAT. Everything must be THE BEST this amount of money can buy.

And we got what we went after, AN ALL-WOOL OVERCOAT, which conforms in every way to OUR HIGH STANDARD FOR QUALITY. An overcoat which will wear and be warm and comfortable, and an overcoat which looks smart as though it had cost twice as much.

Belted and straight models in a good selection of colors and in the most desirable of Overcoat materials.

Convenient pockets, good buttons sewn on with heavy thread. Button holes which won't pull out.

This is a coat to last a BOY through more than one season, so we advise that you get a size larger than the actual fit.

Boasting isn't exactly what we mean to do when we say that this OVERCOAT AND THE SUIT DESCRIBED ABOVE represent what we believe to be two of the BEST VALUES EVER BROUGHT TO THE SOUTH. What we do mean to do is to impress you with the real importance of the offering. All sizes in Overcoats up to 18 years

PLEA FOR TROOPS IN TEXTILE STRIKE

Asheville, N. C., August 31.—Request that state troops again be sent to Concord because of conditions arising out of the textile strike were received by Governor Cameron Morrison, from C. L. Speas, sheriff of Cabarrus county; J. W. Womble, mayor of Concord; and C. A. Robinson, chief of police at Concord, at 2 o'clock this afternoon. Governor Morrison also received telephone communications and telegrams from several citizens of Cabarrus county requesting that the troops be returned to the strike zone.

Governor Morrison will leave Asheville early tomorrow by automobile to meet Adjutant-General Van B. Meets, of the state militia, at Charlotte, before noon to decide what action shall be taken on a request from Concord and Cabarrus authorities for troops.

The message signed by the sheriff, mayor and chief of police said: "Conditions in Concord and vicinity are again beyond the control of the city and county authorities. Three hundred strikers congregated at Brown mill, forcibly restraining men and women from going to work. Respectfully and earnestly request you call military company to be ordered out immediately to maintain order and preserve life."

According to information received by the governor, disorders have taken place daily this week at the Brown and Norcott mills and the latter a man and a woman were assaulted as they went to work. He was told also that a woman had to fight her way through the crowd to get to the mill to work this morning. Operatives in one room of the Norcott mill had to be removed today because of being reported, because bricks were being hurled into the room.

A telegram signed by an influential professional and business men of the city of Concord, received by Governor Morrison, said: "Situation here again serious. Local officials admitted they cannot control situation. We think presence of troops necessary."

President F. M. Sloan, of the local textile union, and L. M. Barnhardt, member of the executive council of the United Textile Workers of America, today issued a statement that they had done all in their power to maintain law and order in the strike zone and that employees of the Brown and Norcott mill want to return to work under the latest agreement reached with C. W. Johnson, owner, Tuesday. The union officials denied that bricks had been hurled into the Norcott mill.

President J. F. Barrett, of the State Federation of Labor, said tonight that he would leave early tomorrow for Concord and that the exact difficulty there arose over the demand of the superintendents of the Brown and Norcott mills that every employee answer for his past old position, which he asserted does not comply with propositions made by Mr. Johnson.

RUSSIAN FAMINE SCENES DESCRIBED IN SOVIET SHEET

Riga, August 31.—(By the Associated Press.)—Physical evidences of suffering in the famine region of Russia, which now are observable in Moscow, have been published by the first time by the Pravda, a Moscow soviet organ, a copy of which was received here today. The newspaper describes groups of famished men, women and children, seen in the streets of Moscow and sitting in large numbers in the lobbies and ante-rooms of the various state institutions.

"They are camping in the streets, housed in their shabby old wagons and carts, with their half-starved and dead horses," the Pravda description reads. "How they managed to reach the center of the city and from what source aid can be given are questions which neither they nor the government institutions to which they apply can answer."

Newly-Elected City Aldermen

At left is J. N. Ragsdale, who was elected from the tenth ward over his opponent, Carl Dohlin. Center: Dr. W. Beecher Duval, who defeated Alderman J. R. Seawright for the office of alderman from the first ward. Right: Foster L. Hunter, who defeated Alderman C. R. Garner and T. W. Mullins in the race for alderman from the fifth ward.

TEXAS COMPANY GETS MEXIC OIL DECISION

Mexico City, August 31.—(By the Associated Press.)—Local representatives of American oil companies declared today to express opinions regarding action of the supreme court Tuesday night in unanimously granting an injunction to the Texas company enjoining the Mexican department of commerce and industry from denouncing rights to oil lands held by the Texas company prior to May 4, 1917. They said they preferred not to give their opinions until the text of the formal decision of the court is published, which probably will be within ten days.

It was the general sentiment here, however, that the non-restrictivity of article 27 of the Mexican constitution has been definitely decided by the decision and that supporting the supreme court's decision, is President Obregon's regulation that the famous article 27 never was construed by his government as being retroactive.

The next step taken by the Mexican government doubtless will be the introduction in the chamber of deputies of a new petroleum bill, shortly after the chamber convenes in regular session tomorrow.

EFFECT TO BLAST CATTLE DIPPING VATS FRUSTRATED

Biloxi, Miss., August 31.—An attempt to dynamite dipping vats in Jackson county today was frustrated when watchmen fired upon the intruders and captured the dynamite and other material with which they had made an effort to destroy the vats. This work was said to be done by cattle owners, many of whom oppose dipping cattle for the eradication of ticks, believing it unnecessary in this section of the state.

SENATE TO GET TAX CHANGE BILL ON RECONVENING

Washington, August 31.—Assurance was given President Harding today by Senator Watson, republican Indiana, that the tax revision bill would be ready for consideration by the senate on reconvening September 21, and put through without delay.

Senator Watson, who is a member of the finance committee, told the president also that the administration's railroad funding bill would be taken up by the senate immediately after passage of the tax measure and after that would come the tariff.

WILLIAMS ATTENDS DINNER OF 56TH INF.

Constitution Bureau, Raleigh Hotel.

Washington, August 31.—(By Constitution Leased Wire.)—Captain Cranston Williams, secretary to Senator Harris, went to Camp Meade, Maryland, tonight to attend a farewell dinner of the officers and ladies of the 56th infantry. The regiment moves in a few days to its new station at Plattsburg barracks, New York. Williams served with the 56th infantry in the world war.

THREE MORE BODIES TAKEN FROM WRECK

Hull, Eng., August 31.—Three more bodies were recovered from the wreckage of dirigible ZR-2 late today, making a total of twenty-two recovered since the disaster. One of the three was identified as that of Flying Officer V. H. Wick. The body which was washed ashore this morning was later identified as that of Sergeant J. W. Mason, of the royal air force.

London, August 31.—The body of Commander Louis H. Martfield, commanding officer of the American naval contingent, who was killed in the ZR-2 disaster, has been recovered, according to dispatches to the Daily Mail, from Hull.

WOULD HOLD GERMAN PROPERTY ON CLAIMS

Washington, August 31.—Recommendation that "provision be made in forthcoming negotiations with Germany and Austria" to enable the alien property custodian to obtain information in those countries for use in litigation pending in this country over property seized by the government during the war, was made to President Harding today by Colonel Thomas W. Miller, the custodian.

It is necessary in the best interests of the government, Colonel Miller said, that American agents be afforded both facilities in Germany and Austria for clearing up matters for former enemy owners and particularly with regard to a number of cases now pending before the courts.

Formation of a policy to govern the ultimate disposition of seized German and Austrian property was discussed with the president, Colonel Miller recommending the withholding of enemy property until satisfaction is made in connection with the \$400,000,000 in American claims against Germany.

Anniston Man Lured From Home; Beaten By Unknown Parties

Anniston, Ala., August 31.—(Special.)—H. Amieson, local meat cutter, whose wife reported to Sheriff Parker Tuesday that he had been lured from his home late Monday night, carried to a lonely spot in the mountains below Oxford, and severely beaten with a strap, is suffering intensely from the injuries sustained at the hands of his unknown assailants.

A physician was called to the Amieson home early Tuesday to dress the wounds inflicted on the person of the meat cutter, and it is his opinion that Amieson will be kept indoors for a week or more by the injuries.

MAN BEING HELD IN ASSAULT CASE

Knoxville, Tenn., August 31.—An 11-year-old girl of Harriman is in a serious condition as a result of an attack last night. Jim Monger has been apprehended and brought to the Knox county jail charged with the crime.

Ford

THE UNIVERSAL CAR

Announcement

In the interest of better service, and the convenience of our customers, our combined used car departments will be handled after September 1st by the USED CAR DEPARTMENT, ATLANTA AUTHORIZED FORD DEALERS, INCORPORATED, at 126-30 Walton Street.

This new organization will appraise, purchase and resell all used Ford cars accepted in trade by all authorized Atlanta Ford Dealers.

Customers desiring to trade their cars as part payment on new Fords will come directly to us, as heretofore. All purchasers for Used Fords will go to the new organization.

We believe that this arrangement will prove advantageous to both the new and used car purchaser, as it permits many economies not possible when each dealer operates a separate used car department.

The plan also makes it possible for us to devote our entire time and facilities to serving the new car purchaser, and will permit us to conduct our sales and service organizations upon a more efficient basis.

Announcing

The Opening of the Used Car Department of the Authorized Atlanta Ford Dealers

EFFECTIVE SEPTEMBER 1ST

We will handle with a single organization, under one roof, at 126-30 Walton Street, the combined used car interests of the Atlanta authorized Ford Dealers.

Every Car accepted in trade by any of these dealers, will be purchased outright and resold by us.

This plan reduces overhead expenses and duplication of effort to a minimum, and assures the customer of a ready market for his used Ford, at a good valuation.

Go to the Authorized Ford dealer of your choice, as in the past, and he will assist you in availing yourself of our service as appraisers and purchasers of your car.

TWO AVIATORS DIE AS PLANE CRASHES

Hampton, Va., August 31.—Adolph Perenchak, Brooklyn, N.Y., and Samuel C. Chapkowitz, Patterson, N.J., two aviators, were killed when their airplane was wrecked near Indian Head, on the Rappahannock river, late today, according to reports received at Langley field. The plane, a biplane, was attempting to take off the machine struck a tree.

More than 650 feet high, a reinforced concrete tower built in Japan for a radio station is claimed to be the tallest one piece structure in the world.

Successful Councilmanic Candidates

Above are winners in councilmanic races in the primary of Wednesday. Upper row, left to right: Horace Russell, who defeated O. K. Ellis in the ninth ward; Dr. L. P. Baker, winner over Councilman Alvin Richards in the sixth ward; Dr. P. L. Moon, winner over Fred C. Manoe, John A. Culver and Ed Belle Isle in the second ward. Second row: Councilman T. Frank Callaway, winner over George N. Woods in the tenth ward; Councilman J. H. Olson, who defeated Homer C. Denton in the eleventh ward; Councilman S. A. Wardlaw, who won over George K. Churchill in the first ward. Third row: Claude E. Ashley, winner over L. A. Trowbridge in the fourth ward; Councilman W. M. Etheridge, who defeated J. W. Maddox in the fifth ward; Fred C. Woodall, winner over James A. Belflower in the third ward. At bottom is Edgar Watkins, who defeated James L. Wells in the eighth ward.

MAN WHO ENDED "CARPET-BAG" RULE DIES IN LOUISIANA

New Orleans, August 31.—Former

Judge Frank McGloin, of the circuit court of appeals, died today at his home near Baton Rouge. He commanded the White League in the "Liberty" battle at the foot of Canal street, in 1874, which dealt a death blow to "carpet-bag" rule in the south. He had held many positions of public trust, and was one of the state's most prominent Catholic laymen. He was created a Knight of St. Gregory by Pope Pius X. He founded the Society of the Holy Spirit.

FORMER GERMAN ARMY HEAD DIES IN BERLIN

Berlin, August 31.—Field Marshal Count Karl von Buelow, who was commander-in-chief of the German second army during the war, died here today.

Marshal von Buelow, who was 76 years old, was one of Germany's leading commanders during the war. He was raised to the rank of Field Marshal January 27, 1915, on the fifty-sixth anniversary of the Kaiser's birth. Marshal von Buelow's name was among the list of Germans whose surrender to trial was demanded by the treaty of Versailles. After his name was published he declared publicly that the Germans whose names were on the list of those whose extradition was demanded by the allies "only did their duty to the fatherland" and that extradition was an indignity to which "no German would voluntarily submit."

At that time the field marshal declared that he would never place himself at the disposal of the entente nations, and expressed the belief that most of the commanders named in the list would take a similar view.

The caterpillar knows that there is safety in numbers, and while companies may be found feeding side by side while keeping a sharp lookout for their bird enemies, but when a caterpillar is by himself he scarcely dares to move for fear of attracting attention.

HARDING IS INVITED TO FARM CONVENTION

Washington, August 31.—President Harding was invited today by a delegation representing the American Farm Bureau federation to attend the annual meeting of the organization at Atlanta, November 11.

While the president gave no definite answer it was indicated that he would be unable to attend because of the sessions of the disarmament conference beginning November 11. Oscar Bradfute, of Ohio, a vice president of the farm bureau federation, told the president that the various state bureaus, especially those in the south, were deeply interested in the offer for operation of the Muscle Shoals property. Mr. Bradfute said, but the delegation urged that a decision as to disposition of the plant be made as soon as possible.

The president is understood to have stated that no matter to whom the plant might be turned over the government would insist upon full operation of the nitrate plant thus insuring a full supply of fertilizer materials. Thirty-six posts of the American Legion in Los Angeles, Cal., have declared a war against "goldbrickers." The title is given to men who pose as ex-service men and prey on the public as beggars or solicitors for non-existent veteran publications.

Jury Finds Wife Of Officer Died Of Asphyxiation

Means by Which Jet Became
Opened Not Solved at
the Inquest.

A verdict of death from asphyxiation was rendered by the coroner's jury which held an inquest over the body of Mrs. W. F. Anderson, of 33 Windsor street, wife of Policeman Anderson, at the Poola undertaking establishment, Wednesday afternoon. It was added that the means, by which the gas jet which brought about the asphyxiation became opened, remained undetermined.

This did not solve the riddle of how Mrs. Anderson came to her death and how her 10-year-old son, Edwin Furman Anderson, narrowly escaped the same fate early in the morning at their home on Windsor street.

The boy is reported at the Grady hospital as slightly better. It was at first thought that he also would die from effects of the gas, but in the afternoon he had revived enough to be able to recognize his father, who was at the hospital to see him.

Husband Investigates.
Call Officer Anderson rose early Wednesday morning and performed a number of household tasks before he knew of the tragedy. His room adjoined that of Mrs. Anderson and the boy. He was seated on the porch reading the morning paper when he got a whiff of illuminating gas and immediately investigated.

On the bed was the lifeless body of his wife and by the partially opened window the huddled body of the boy. He had evidently made an effort to open the window for a breath of air when overcome by the fumes. A gas jet in the room was wide open. The father rushed outdoors with the son and summoned an ambulance from Grady hospital.

It was at first thought that robbery might have been the motive of a possible intruder who could have turned the jet on while the victims slept. This was strengthened by the fact that Mrs. Anderson was said to have a considerable sum of money in the house Tuesday evening and that no trace of it could be found Wednesday.

Pulliam Testifies.
D. Pulliam, who works on The Constitution, and who lives in the same house with the Andersons,

stated at the inquest that he came home from work at about 2:30 p.m. Wednesday morning, and found the front door open, but thought nothing of it. Later, he said he heard some one moving about in the room beneath him, which was the room occupied by Mrs. Anderson. Officer Anderson declares that his wife had been in the habit of sleeping with both windows open and that when he rushed in Wednesday morning one was closed and the other, where the boy was found, was open only a few inches. Mrs. Anderson was 34 years old. She is survived by her husband and two sisters, Miss Blanche Burke, of Los Angeles, Cal., and Mrs. M. S. Pennington, of Columbus, Ga., also one brother, H. H. Burke, of Atlanta. Mr. Anderson is one of the oldest men in point of service on the police force, having served for twenty-five years and having received a gold star award for bravery. Funeral services for Mrs. Anderson will be held Friday afternoon at 2:30 o'clock in the chapel of Harry P. H. McClure, of Smyrna, Ga., where a gold watch valued at \$50 was taken; the home of J. H. Wilensky, 31 Park drive, which was entered by burglars some time within the past two weeks while the family was away, clothing and other articles being taken; and Oscar Thompson, of the Brookhaven Country club, who reported the theft of a \$15 diamond scarf pin. In addition to these detectives are working on robberies reported by F. H. McClure, of Smyrna, Ga., who said his watch valued at \$50 had been stolen in Atlanta; and P. H. Arnold, who reported that his store at 311 Lee street had been broken into Tuesday night and \$100 worth of cigars and cigarettes stolen.

Many Residences Looted by Thieves; No Arrests Made

Detectives were hard at work Wednesday on the robbery of the home of H. C. Mather, 34 St. Augustine place, in which jewels valued at \$1,000 were stolen. The place was ransacked while the family was away, the house being entered through a basement door which had been left unlocked. Articles stolen include a gold cigarette case, a gold wrist watch, two jeweled fraternity pins and other jewelry. Other burglaries reported were those of the homes of Julian Waser, 288 Ponce de Leon avenue, from which a gold watch valued at \$50 was taken; the home of J. H. Wilensky, 31 Park drive, which was entered by burglars some time within the past two weeks while the family was away, clothing and other articles being taken; and Oscar Thompson, of the Brookhaven Country club, who reported the theft of a \$15 diamond scarf pin. In addition to these detectives are working on robberies reported by F. H. McClure, of Smyrna, Ga., who said his watch valued at \$50 had been stolen in Atlanta; and P. H. Arnold, who reported that his store at 311 Lee street had been broken into Tuesday night and \$100 worth of cigars and cigarettes stolen.

ELEVEN PERISH IN MINE BLAST

Harrisburg, Ill., August 31.—Bodies of eleven miners were recovered tonight from the Harco mine, after an explosion this afternoon. More than 400 men had been working, but had been warned and escaped when a dynamite charge broke down the wall of an old room, loosing black damp. Seven men who escaped the explosion but are suffering from the effect of black damp, were taken to local hospital. Volunteer rescue teams were organized by miners but their efforts were futile. A special train, bearing a United States mine bureau car, was dispatched to the mine within an hour after the accident, and was in charge of D. J. Parker, chief of the divi-

ion of mines rescue cars, who was conducting an inspection trip in this vicinity. The mine will be sealed tomorrow by state authorities.

Excursion, Tybee, \$6.00 Round Trip, September 3, tickets sold for all trains Saturday, limited returning Monday night, September 5. Central of Georgia Rail- way.—(adv.)

STRIKE OF COTTON MOVERS IS FEARED

New Orleans, August 31.—A strike, which might paralyze the port of New Orleans, was feared tonight as a result of a threatened walk-out of all labor in the handling of cotton involved in the handling of cotton called by the cotton strike were spread to handlers of other classes of freight.

The committee on handling charges of the cotton exchange, announced today that it had been unable to come to an agreement with the Dock and Cotton Council, composed of cotton handlers and related unions, upon the recently announced cut in wages. This reduction, originally designed for the public warehouse only, was continued by all the private warehouses. It is 18 per cent less than the men are receiving, but the new tariff would leave the pay virtually 10 per cent above what the men received in 1916, at the time the last adjustment was made.

The board of directors of the cotton exchange endorsed the new scale today, but no further word has come from the dock and cotton council, included in the membership of the board are members of many unions which are concerned with the handling of the staple. In fact, it is said to be the danger of a general harbor strike.

Labor union officials have not announced their next step, but action by them is expected before the end of the week. The position of the board is that the new scale would not afford them a living wage. Action of the cotton exchange and of the board of port commissioners, it is claimed, would place New Orleans upon a parity with other ports.

SENSATIONAL REFORMS FREE TENNESSEE

Continued from First Page.

members of this legislature elected on the ticket with me. The governor and the legislature acted in good faith with the people, and so completely revolution-

ized the tax system of the state that year that not a vestige of the old system was left except the ad valorem method of taxing property.

The New System

The legislature first of all inaugurated a Tennessee state board of equalization, composed of the members of the railroad commission, and gave it authority to employ a chief tax statistician, an executive officer, and assistant chief tax statistician, special agents to go into each county to readjust assessments, clerical help, and on backing the whole enterprise with a sufficient appropriation to make its work thorough and effective.

The act provided for county equalization boards; a continuous sitting each July of the state board until all assessments had been completed, after full and open hearings; the certification to the state of the board's differentiated assessments as a mandate for the respective county assessments, etc.

The law was made virile and full of teeth at the beginning.

Sensational Change in Fixing Rate.

The legislature first proceeded to do what is unique in the fixing of tax rates by passing a sliding scale law that automatically determines the rate upon the basis of the state's assessed valuations.

I will quote this law:

"If the total assessment of all property in the state of Tennessee, submitted to direct property tax, excluding merchants' capital, shall in any year be more than ten hundred million dollars, the tax rate for the state shall be 3 1/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than ten hundred million dollars and more than nine hundred million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than nine hundred million dollars and more than eight hundred million dollars the tax rate for the state shall be 3 3/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than eight hundred million dollars and more than seven hundred million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than seven hundred million dollars and more than six hundred million dollars the tax rate for the state shall be 3 1/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than six hundred million dollars and more than five hundred million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than five hundred million dollars and more than four hundred million dollars the tax rate for the state shall be 3 3/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than four hundred million dollars and more than three hundred million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than three hundred million dollars and more than two hundred million dollars the tax rate for the state shall be 3 1/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than two hundred million dollars and more than one hundred million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than one hundred million dollars and more than fifty million dollars the tax rate for the state shall be 3 3/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than fifty million dollars and more than twenty million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than twenty million dollars and more than ten million dollars the tax rate for the state shall be 3 1/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than ten million dollars and more than five million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than five million dollars and more than two million dollars the tax rate for the state shall be 3 3/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than two million dollars and more than one million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than one million dollars the tax rate for the state shall be 3 1/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents."

members of this legislature elected on the ticket with me. The governor and the legislature acted in good faith with the people, and so completely revolution-

How It Was Done in Tennessee

BY JAMES A. HOLLOMAN.

Nashville, Tenn., August 31.—(Special.)—The state of Tennessee has within two years turned a state deficit of \$3,000,000 into a cash treasury balance of approximately \$2,000,000, and at the same time reduced the state tax rate to 2.60 mills.

The story is so startling it is sensational.

Prior to 1920 Tennessee had an ever-increasing state deficit, amounting, at the time, to around \$3,000,000.

Institutions were being starved, and the state's general sovereign conditions were as deplorable as embarrassing.

In the state election of 1918 radical tax reform was made the paramount issue; and Governor Roberts and a working majority of both houses swept the state on that issue. The new system was inaugurated with a vim. There was no mincing of words; no fear, or favor. The law was given teeth, and the teeth were sharpened.

The following is a summary of the system and the sensational results since January, 1920:

Rates, for state purposes, reduced to 14 1/2 cents on each \$100; for highways, 4 1/2 cents; for university, 2 cents; for common schools, 5 cents; total state levies, 26 cents on the \$100 valuation.

System, ad valorem on actual cash value, in fact and not in theory, administered by a state tax equalization board, composed of the railroad commissioners, with a chief tax statistician, an executive officer, and with several assistants, competent clerical help, etc.

Now note particularly—

Total assessments, including realty, personal and utility property, for 1920, \$1,973,444,585, as compared with a gross total of only \$740,209,028 in 1919.

Increase of income in 1920 from state levy for common schools, over 1919, \$616,617.93.

Increase of income in 1920, over 1919, for the general state fund, \$445,188.93.

Increase of income segregated in state levy proportionately.

The total state and county taxes paid by the taxpayers of Tennessee in 1918-1919 was \$1,566,447.20.

The total state and county taxes paid by the taxpayers of Tennessee for the year 1920-1921..... 20,947,498.26

This means an increase in state and county taxes for these two years of..... 6,381,051.06

This increase of \$6,381,051.06 is made up as follows:

Increase in county taxes from 1918 to 1920..... 4,833,569.46

Increase in rural school tax..... 936,722.44

Increase in state tax proper..... 510,759.16

Total increase..... \$ 6,381,051.06

Was there ever a more remarkable revolution in a state's taxation system and result in so short a time?

Tennessee's tax bill for 1920 was—

Federal taxes..... \$400,000,000.00

County taxes..... 12,000,000.00

Municipal taxes..... 5,000,000.00

State taxes..... 5,000,000.00

Total (in round numbers)..... \$73,000,000.00

It is interesting to note that of the total taxes paid in 1920—

Federal taxes represent..... 54 1/2% of the total

County taxes represent..... 16 1/2% of the total

Municipal taxes represent..... 6 1/2% of the total

State taxes represent..... 22 1/2% of the total

Total..... 100%

State treasurer's average cash balance..... \$2,250,000

Maintenance of the university, paid by the segregated state levy, has automatically jumped from around \$400,000 to approximately \$1,000,000 a year.

The university system incorporates the agricultural college.

Improvements to university, just completed..... \$1,000,000

Improvements to state normals, to begin this fall..... 600,000

If the total assessment shall be less than four hundred million dollars and more than three hundred million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than three hundred million dollars and more than two hundred million dollars the tax rate for the state shall be 3 1/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than two hundred million dollars and more than one hundred million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than one hundred million dollars and more than fifty million dollars the tax rate for the state shall be 3 3/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than fifty million dollars and more than twenty million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than twenty million dollars and more than ten million dollars the tax rate for the state shall be 3 1/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than ten million dollars and more than five million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than five million dollars and more than two million dollars the tax rate for the state shall be 3 3/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than two million dollars and more than one million dollars the tax rate for the state shall be 3 1/2 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents. If the total assessment shall be less than one million dollars the tax rate for the state shall be 3 1/4 cents; for schools 1 1/2 cents; for highways 9 cents; and for university fund 4 1/2 cents."

respective counties also with the mandate that each county must levy an additional local school tax of 6 cents on the \$100 property valuation minimum, and 15 cents maximum. It is a matter of record that a majority of the counties voluntarily levied the maximum rate, which again illustrates how willingly people will pay school taxes when they can see the money used for their own children.

Outstanding Results

A summary of the results of the new taxation system in Tennessee is brought in one year follows in part only:

Total assessment, including realty, personal and utility property, for the year 1920, \$1,973,444,585, as compared with \$740,209,028 in 1919.

The state tax rates which were 50 cents in 1919 are 26 cents in 1920.

The various county rates were substantially decreased throughout the state.

The special session of the legislature in 1920 having declined to extend the sliding scale to the 5 cents element in the morning and late in the afternoon, hours when voters are always at the polls, the legislature has passed a law which will place the day of the election on a day when the weather is favorable and the voters are not so busy.

The unprecedented part of the day was the activity of the women at the voting precincts in every county. Many of the women were active only in behalf of the restoration, but numerous women were meeting the voters and encouraging for their favor.

came in these races and won big victories in both," he said.

Woodall Thanks Friends.

Frank C. Woodall, elected councilman from the third ward over James A. Belloway by a vote of 723 to 57, Wednesday night stated that "the results clearly indicate the desire of Atlanta citizens for a complete clean-up of the city police department," and declared that he would uphold to the last the findings of the majority report on the buncos probe.

"We fought the fight," he declared, "and we fought hard. Otherwise we would never have won over the contemptible methods used by our opponents. The law-abiding citizens of the third ward have again elected me to council by a safe majority. As I predicted, the 'buncos ring' was on hand and fought me to the last ditch.

"The race was based almost entirely on the buncos issue. It was not a question of the men involved, but of the issues. Now that I am elected I pledge myself never to cease my efforts until I have secured the removal of the buncos question as expressed at the polls. I want to think each and every one of my constituents and friends, and especially the women of the ward who helped me in a good cause."

NINE SUPPORTERS OF BUNCO REPORT WIN

Continued from First Page.

dox, former police commissioner and open police council. The vote was: Etheridge 366, Maddox 270.

In the sixth ward Dr. L. P. Baker was winner over Counsellman Alvin Richards by a vote of 519 to 211.

Dr. Baker was elected by a vote of 519 to 211, the result for Dr. Baker being 766; Richards 334.

Edgar Watkins won in the eighth ward by a vote of 519 to 211. The returns in this race showed 848 ballots for Mr. Watkins and 339 for Richards.

Dr. P. L. Moon, in the second ward, candidate for councilman, defeated Mr. Watkins by a vote of 519 to 211 in a field of four. He received 563 votes. Fred C. Manoe 248. John A. Culver 125. Ed Hulse 124.

Horace Russell Wins.

Horace Russell was the victorious candidate for councilman in the fourth ward over O. C. Ellis, the count standing: Russell 1,064, Ellis 257. Ellis and James L. Wells were the opponents.

Councilman Claude Ashley, who in the fourth ward, defeated Mr. Russell in the election, but against the odds, and the most of the other councilmen, he was elected in this race the count for Mr. Ashley was 349, and for his opponent, L. A. Trowbridge, 143.

L. N. Ragsdale, who has not committed himself to the police reform issue, won over Carl Dolvin in a close race for alderman from the tenth, the result being: Ragsdale 473, Dolvin 472.

Pro-Police Winners.

The pro-police candidates for councilman and alderman, in the city, were: L. P. Callaway over George N. Woods in the tenth, the result being: Callaway 371, and his opponent 247.

Councilman S. A. Wardlaw, of the district, was elected by a vote of 519 to 211 over George K. Churchill, receiving 107 votes to Mr. Churchill's 51.

Councilman J. H. Olson, of the eighth ward, was re-elected. His vote was 519 to 211 over Homer C. Denton, received 216.

In the referendum on the election of the city department heads, the legislature may become effective the charter amendment.

Terrill Is Defeated.

In the first district, councilman in the first district, W. H. Terrill, veteran member of the board of education, was defeated by Mrs. Julia O'Keefe. The race was a neck and neck affair and the result was a tie, 455 to 455.

In the fifth district, the incumbent, councilman W. L. Terrill, was defeated by Mrs. A. G. Helmer, the commissioner receiving 519 votes, his opponent 247.

A. C. Melick, candidate for school commissioner in the district, was elected by a vote of 519 to 211 over the incumbent, W. H. Terrill, receiving 519 votes, his opponent 247.

The state of the weather left little else to be desired by the candidates and the voters in that respect. It was clear that the noon hour the rays of a summer sun were falling on the city, elements in the morning and late in the afternoon, hours when voters are always at the polls, the legislature has passed a law which will place the day of the election on a day when the weather is favorable and the voters are not so busy.

Irregular Course Evident in Trend of Stocks

BY R. L. BARNUM

New York, August 31.—Following an irregular opening there was a further recovery in stock market prices today. However, the high prices did not hold. There was profit taking today by traders who bought last week when it became evident that the market on technical conditions was due for a recovery. The wisest course for an investor is to pick out a good safe security and stick. But a trader cannot afford to have convictions. He shifts his position with every market change shown on the tape. Traders who were talking very bullish early this week are again talking bearish. But it is not likely that many new lines of short stock will be put out until after the holiday which begins with the closing Friday and runs until next Tuesday morning.

Mexican Petroleum which sold down to 84 1/2 last week the day of the dividend fluke—and that was the day the stock market as a whole started the recovery—sold up to 102 today. Besides short covering and the coming stock exchange report there was the news today of the decision handed down by the supreme court of Mexico restoring of properties to private owners. Vice President Wilky of Mexican Petroleum, expressed the belief today that this was a step in the direction of recognition of Mexico by the United States government. He believes that the decision is very important to our oil interest in Mexico.

Review of Iron Age

Today's Iron Age, in its weekly review of trade conditions, states that "varying reports from different branches of the industry show the balance still on the side of the betterment in demand," but it was added that "there is as yet no clear indication of progressive improvement." The steel corporation, it was reported, is still operating at under 30 per cent of capacity and is showing no change in its policy of aggressive competition with the independents.

All of the \$25,000,000 new Brazil 8 per cent bonds were sold within two hours. This called attention to the investment houses and the possibilities of finding buyers for outstanding foreign issues selling on favorable terms, such as the French 7 1/2's, the Belgium 6's, the United Kingdom 5 1/2's of 1937.

Chicago reports that building permits for this month totaled over \$12,000,000 compared with only \$5,521,000 for August of 1920, and were the largest for any month since last February when the new bank buildings costing \$11,000,000 were included in the total.

During the early strength in the stock market the railroad attracted much attention, especially the low priced issues. Southern railway preferred was up 2 1/2 points on rumors that the directors would meet and declare the regular semi-annual 2 1/2 per cent recently "deferred." Rock Island made a good statement of earnings for July today, reporting \$12,285,000 gross against \$12,746,000 a year ago with net operating income at \$2,540,000 against last year's deficit of \$2,394,000. Burlington showed a loss of only a few thousand in gross with net operating income at \$1,559,000 against only \$527,000 for July of 1920.

Operating Income

Net operating income of the railroads as a whole for July will reach \$75,000,000 according to estimates made in Wall Street today. The \$51,000,000 reported for June was the largest since last autumn at the peak for 1920. The government guarantee of net income for the railroads was based on the average for the three years ended June 30, 1917, the best three years in the history of the industry, and it provided for interest, dividends and betterments out of surplus earnings. The monthly guarantee of the government on this basis fluctuated, of course, with seasonal business, and with interest and dividend requirements. For the first six months of the calendar year the government guarantee called for \$397,000,000, with June at \$76,000,000. July called for \$76,000,000, August \$88,000,000, September \$92,000,000, October \$85,000,000, November \$84,000,000, December \$75,000,000, making \$507,000,000 for the last half of the year, or \$904,000,000 for the twelve months. If July shows \$75,000,000 net operating income it will be the first time in many a long month that the government guarantee was earned. The 6 per cent call for in the new transportation act was based on the government guarantee figures.

Freight Car Loadings

Today's statement of freight car loadings for the week ending August 30 shows an increase of 7,471 compared with the previous week. Compared with this time last year there is still decrease of 151,000 cars and with 1919 a decrease of 96,000. However, the 81,436 loaded during the week ending August 30 is a new high record for this year. The largest gains were in merchandise and miscellaneous freight. That is the kind of traffic that brings in the most money to the carriers. The low level for the year in freight car loadings was made during the week ending February 26 at 658,222 cars.

New Haven's request for a \$8,000,000 government loan to meet maturing obligations and make needed improvements has been approved by the interstate commerce commission. All the company has to do now is to put up collateral that will be approved by the commission and treasury authorities as provided for under the new transportation act.

Cleveland dispatches report that the National Window Glass labor union has agreed to accept a 23 per cent cut in wages, effective September 6 and 19. Over 15,000 employees and 60 factories are involved, most of which have been idle since last January. According to today's figures from the labor department at Washington, 5,000,000 workers have had their wages cut on an average of 15.9 per cent from the high of last year.

Today's Journal of Commerce gives that recognized authority's monthly report on the condition of cotton. The figures are compiled from the returns of 1,800 special field correspondents as of August 24. On that day the condition of cotton is estimated at 55.01 against 57.08 a month ago and 69.09, the ten-year average at this time of year. This is the most sensational deterioration since October of 1919, and in that case the condition was given much higher, 64.79. On the figures as of August 24, the crop this year is estimated at only 7,905,000 bales against 13,000,000 last year and 16,000,000 for 1914.

NOTICE OF THE TRI-STATE PIG-
GLY WIGGLY COMPANY TO AP-
PLY FOR PERMISSION TO SELL
CAPITAL STOCK IN SAID COM-
PANY IN GEORGIA.

Tri-State Piggy Wiggy Company, a corporation of Georgia, with a capital stock of \$50,000.00, incorporated for the purpose of operating a chain of Piggy Wiggy Stores in Alabama, Georgia and Florida, was organized and promoted by Edwin Sterne, president; J. M. Patterson, vice president; and Ben Alden, secretary and treasurer. The board of directors consisting of three, Edwin Sterne, J. M. Patterson and Ben Alden, said corporation proposes to sell in the state of Georgia, \$50,000.00 of its capital stock.

MORTUARY

Mrs. M. E. Ross.

Mrs. M. E. Ross, 55 years old, of 160 Courtland street, died Wednesday night at a private hospital. She is survived by two sons, E. W. and J. E. Ross and a brother, J. P. Jones, of Gordon, Ga.

Mrs. Minerva C. Kirk.

Mrs. Minerva C. Kirk, 73 years old, died Wednesday at the residence near Inman Park. She is survived by one son, W. D. Kirk; two daughters, Mrs. E. D. Pickens and Mrs. W. H. Ivey; and ten grandchildren.

John B. Drake.

John B. Drake, 74 years old, of Eagan Park, died Wednesday at the residence. He is survived by two daughters, Mrs. Lizzie Clark and Mrs. Amanda Awtry and four sons, A. R. T. A., W. M. and T. B. Drake.

In India men wear combs in their hair much more than the women do. A Chinese gentleman wears what

we know as the circular comb and a very ornamental back comb of tortoise shell to gather his curly locks together.

Notice to the Public.

This is to notify the public that I have this day sold the business known as Clara Soda Company, operating at 313 Marietta street, to H. J. Morris and M. J. Wright and I will not be responsible for any debts incurred after August 30.

MRS. FRANK E. ROSIER.

More About the Housing Question

When the demand for houses arose in 1919, real estate agents had a good supply on hand, as a result of the long depression during the war. Houses commenced selling at low prices. Many of them sold several times before reaching the final owner.

This process is now being repeated in the case of building lots. There is a certain supply on hand consisting of the unsold remnants of subdivisions, which were started long ago; also there were a few large blocks inside the city suitable to making subdivisions.

Building lot prices are now running at about the figure of ten years ago. Some cases are even lower. For example: Fifteen years ago, Mr. Phil Keeny paid \$2,500 for a lot on East Ninth street. Today we are offering a lot in this same block for \$1,500.

We have six lots left on Ninth street for \$1,500. When they are sold the \$1,500 north side lot will become as extinct as the dinosaurs. Some of the lots are now being sold and put up bungalows. They will sell readily at a good profit.
